

**Cancer care powder:**

**Special ingredients:**

**Casein, milk powder, Malt, Maltodextrin, soya protein isolate, wheat and legume. Fortified with Colostrum, lycopene, N-Acetyl cysteine, Choline, DHA, Taurine, Selenium, L-Glutamic acid, Alpha Lipoic Acid, Acetyl carnitine, Co-enzyme 10, Chromium Picolinate, vitamins and minerals.**

**Cancer care enriched with Noni fruit extract, Graviola extract, Tulsi leaf extract, Green Tea extract, Neem leaf extract, Garlic extract, Ginger root extract, wheatgrass extract, Turmeric extract, Grape seed extract, Aloe vera extract, Berry extract and Ginseng extract.**

**Advantages of Cancer care :**

**Noni fruit extract:** is a wonderful herb with many biological activities from anti-oxidant to cancer protection. It acts by preventing carcinogen activation, detoxifying the carcinogen and removal of carcinogen by interacting with carcinogen at the DNA level.

**Grape Seed Extract:** contains resveratrol which has powerful anti-oxidant properties that prevent the kind of damage that triggers the cancer process.

**Graviola extract :** It contains several of the active ingredients (Annonaceous acetogenins) that kill malignant cells of 12

different types of cancer including breast , ovarian, colon, lung, pancreatic and lymphoma.

**Wheat grass extract:** wheatgrass extract reduces the hematotoxic (blood-damaging) effects of chemotherapy, with significant positive results. wheatgrass are high in antioxidant chemicals, which are known to reduce cellular toxicity of DNA-damaging molecules.

**Green tea extract:**

Green tea exerts strong antioxidant actions and is also able to inhibit cancer cell growth. The Chinese and Japanese who are large drinkers of green tea, have a 60% less chance of esophageal , stomach and liver cancer.

**Tulsi Extract:** contains a chemical compound called ursolic acid which has been shown to prevent and suppress cancer.

**Green tea Extract:** is a strong anti-oxidant and cancer fighter and it prevents cancer from colon, liver, breast and prostate.

**Neem, Garlic, and Turmeric Extracts:** contains several constituents that prevent the onset of cancer cell line and prevent the progression pre-malignant state to invasive cancer. Useful for liver, breast, uterine, buccal, brain and colon cancer.

**Berry Extract:** contains phytochemical called ellagic acid acts as a powerful anti-oxidant deactivating cancer causing substances and slowing the growth of cancer cells.

**Ginger extract:** contains chemical compounds that ease the symptoms associated with chemotherapy.

**Aloe-Vera extract:** prevent the inflammation of the stomach and bowel during chemotherapy and radiotherapy in the treatment

of cancer thereby reducing the side effects of chemotherapy and radiotherapy.

**Ginseng:** improve physical as well as mental condition, they help to eliminate tiredness and deal with the feelings of exhaustion more easily.

**Folate:** Folate is an important vitamin that protects against the cancers of the colon, rectum and breasts.

**Lycopene:** It improves blood circulation and prevent the cancer cell line by stimulating the immune system

Cancer Care contains Colostrum which has several immune factors (such as immunoglobulin IgA, IgD, IgE, IgG, and IgM) and gives specific immunity (antibodies) to diseases caused by bacteria, viruses, yeasts and fungus.

Cancer Care contains **powerful antioxidants like colostrum, grapeseed extract and CoQ10** that **fight dangerous free radicals** in the human body by stimulating the immune system and provides protection against them.

Cancer Care has natural vitamins and herbal supplements and hence it has no side effects to the body.
